PRICE FIVE CENTS

CHIROPRACTORS BEFORE COURT

Local Charges Attract Large Attendance

What Constitutes a "Legal" Chiropractor

Charged with practising medicine for hire without being registered under the Medical Act four chiropractors of this city were remanded in the city police court to-day for judgment on Wednesday morning next. The feature of the hearing was the interest it aroused among the public, the galleries of the court being crowded. The spectators were mostly ladies.

H. B. Robertson, K. C., for the prosecution opened the proceedings with the charge against Robert Collier, J. W. de B. Farris, M. P. P., and Capt. Ian MacKenzie, M. P. P., appeared for the accused. All accused pleaded not guilty, and argument of counsel was applied to all cases jointly. The accused were charged under section 73 of the Medical Act, which provides a penalty of a fine for the first and second offences, and imprisonment for the third offence.

Admission for Defence.
Prior to the hearing of evidence Mr. Farris shortened the work of the trial by making several admissions on behalf of the accused. It was admitted that examinations requiring chiropractors to attend were advertised twice in the year 1921. The advertisements also stated that a fee of \$100 would be charged those who sat. It was further admitted that no chiropractors had presented themselves for examination and that no chiropractor had been appointed by the Medical Council to set the papers.

Formal Evidence.
Charles Hines, 1209 Lyall Street, Esquimalt, an agent employed by the Western Detective Agency formed the sole witness for the prosecution, acting in all four cases. On June 27 witness had gone to the office of the accused Collier. He told the accused he had a pain "in the small of the back" the result of a fall some years before when he was caught in a cave. (Concluded on page 2.)

B. C. HOSPITAL CONVENTION TO-DAY

Association Holds Meeting in New Westminster

G. McGregor, Victoria, Acts as Chairman

New Westminster, Aug. 29.—The first annual convention of the British Columbia Hospital Association opened this morning at the Victoria Hotel. George McGregor, of Victoria, in the chair.

Regret was expressed at the absence of the president, Dr. H. C. Winch, and a letter will be sent to him, and also to Dr. MacEachern, who is unable to attend.

Nominations.—Miss K. Stott, Mrs. M. E. Johnson and R. A. Bethune.

Resolutions.—Miss J. P. MacKenzie, E. W. C. Hilton and G. R. Binger.

Papers.
George Haddon, of the Vancouver General Hospital, dealt with "Hospital Accounting on the Government Plan."

E. W. Carr-Hilton, secretary of the King's Daughters' Hospital, Duncan, followed with a paper on "Auditing Administration and Finance in Smaller Hospitals."

Suggestions will be made through the accounting committee to the Board, with a view to having the financial reports of hospitals standardized, it was decided.

Purchases.
A discussion on purchasing methods was introduced by E. S. Withers. The convention agreed to hear E. S. H. Winn, chairman of the Workmen's Compensation Board, to-morrow at 3 p.m., when the discussion of the use of profits from the liquor sales will be opened.

Delegates to the convention attended a Kiwanis luncheon at noon. Mayor Johnson presided, and addresses were given by George McGregor, Victoria, and Miss Ethel I. Johns, R.N., Vancouver.

PRIME MINISTER VISITS TORONTO

Mr. King Meets Prominent Citizens There

Addresses Luncheon of Directors at Exhibition

Toronto, Aug. 29.—Premier King arrived here this morning. During the forenoon he had several conferences, and met many prominent Toronto people. At noon he addressed a directors' luncheon at the Canadian National Exhibition. This evening he will be the guest of honor at a banquet tendered by local Liberals.

In some quarters it is expected the Prime Minister will make an announcement as to the government's proposed policy regarding the location of the offices of the Canadian Government Railways.

CHINESE SCHOOL TO BE ON RAILWAY STREET, BOARD RULES

The new Chinese school will be established on Railway Street, regardless of protests by residents of the district, it was decided this morning by the Board of Education. This was made known at the City School Board offices to-day after the Board had heard the representations of the large ratepayers' delegation, and had sat later in private last night. This delegation opposed the selection of the Railway Street site for the school, but the Trustees decided afterwards to go ahead with their plan of moving Denman Street buildings to Railway Street to form a separate school for Chinese. A statement of the reasons for the Board's decision is being prepared.

ONTARIO GIVEN FUEL WARNING

Controller Says U. S. Imports Will Be Inadequate

Oil Stoves May Take Place of Coal

Toronto, Aug. 29.—Warning that the early months of the coming winter may find Toronto without adequate supplies of fuel of any kind is contained in a statement issued by J. A. Willis, Fuel Controller for Ontario.

For the first time the Controller criticizes the local coal dealers, to regret they have not seen fit to order Welsh coal—as much as states—that he does not think they will be able to carry out their promises to fill the city's needs with American coal. Inability of the American mines to catch up with the present demands, conditions on the railroads and the probability of further congestion are given as the reasons for the Controller's attitude.

Use Only Part of Homes.
The seriousness of the fuel situation can be judged by the fact that the statement advises householders to prepare to close portions of their homes in order to conserve fuel. The Controller goes so far as to suggest that oil stoves and other makeshifts may have to be pressed into service.

NEW YORK CITY SHORT OF FUEL

Autumnal breeze cooling the city to-day.

New York, Aug. 29.—With an autumnal breeze cooling the city to-day, New Yorkers are not thinking of serious thoughts of coal—and cold. A committee of seventy-five business men called to the City Hall to think up some way to keep the furnace going this winter in homes, offices and industrial plants, reached the conclusion that there is mighty little coal in the city and hardly any more in sight.

Almost 100 schools in the metropolis with an enrollment of 200,000 pupils will be forced to close when the first cold wave arrives, the committee was told by Patrick Jones, Superintendent of School Supplies for the Board of Education.

Few coal users have more than a month's supply on hand, said a statement by the Real Estate Owners' Association, which is distributing questionnaires to find out what was in the apartment house cellars in the nature of fuel.

There are 700 theatres in town without a lump of coal among them, the committee was informed by William Brandt, of the Theatre Owners' Chamber of Commerce.

Great White Way may dim its glaring lights to save coal, he said.

NEW YORK STATE LEGISLATURE MEETS

Albany, N. Y., Aug. 29.—The New York Legislature is holding an extraordinary session to-day.

The session is being called to order by Governor Miller. The session is being called to order by Governor Miller. The session is being called to order by Governor Miller.

BRITAIN WILL PAY OFF DEBT

Lloyd George Repeats Assurance to United States

London, Aug. 29.—Premier Lloyd George, in conversation with Colonel M. House, chairman of the Workmen's Compensation Board, to-morrow at 3 p.m., when the discussion of the use of profits from the liquor sales will be opened.

Delegates to the convention attended a Kiwanis luncheon at noon. Mayor Johnson presided, and addresses were given by George McGregor, Victoria, and Miss Ethel I. Johns, R.N., Vancouver.

HUGO STINNES REPORTED TO BE IN PARIS TO-DAY

Paris, Aug. 29.—A report reached the Reuters Commission this afternoon, that Hugo Stinnes, German industrial and shipping magnate, had arrived in Paris. Confirmation was not obtainable late this afternoon.

BANDITS TOOK CASH AND NOTES

Thugs Who Looted Foremost, Alta., Bank, Escaped

Their Haul in Cash To-day Was \$10,854

Lethbridge, Alta., Aug. 29.—Six masked motor bandits held up the Union Bank of Foremost, about 80 miles southeast of Lethbridge on the C. P. R. Lethbridge-Weyburn line, between 1.30 and 3 o'clock this morning, bound and gagged two clerks sleeping in quarters over the bank after having forced the junior clerk to open the outer door of the vault, and blew the inner door of the safe and completely ransacked the vault and safety deposit boxes, getting \$10,854 in cash and \$70,000 in securities, mostly non-negotiable.

They made their getaway by automobile and are believed to have headed for the new oilfield region at Sunburst, on the Great Northern Railway in Northern Montana. Police have spread a net in an effort to intercept the holdups, but they had a good four-hours' start on the officers.

Cut Wires.

Police here believe the job was done by professionals. They entered the town, cut the telephone cables at the exchange and the C. P. R. telegraph wires at the depot. Then they cut the wires of the ignition systems of all the cars standing about on the main street. About 1.30 a. m. four of the men masked forced an entrance into the bank and ransacked the vault and safety deposit boxes, getting \$10,854 in cash and \$70,000 in securities, mostly non-negotiable.

DISTRIBUTION PLANS IN UNITED STATES

Washington, Aug. 29.—President Harding still believes the government should grant immediate authority take over railroads and mining properties, it was said to-day at the White House, but has assured congressional spokesmen that only the grimmest public necessity would move him to exercise such powers if granted.

U. S. President Not Eager to Direct Railroads

Would Control Coal Mines Only if Unavoidable

Washington, Aug. 29.—President Harding still believes the government should grant immediate authority take over railroads and mining properties, it was said to-day at the White House, but has assured congressional spokesmen that only the grimmest public necessity would move him to exercise such powers if granted.

BOMBS SET OFF IN AN ILLINOIS RAILROAD YARD

Danville, Ill., Aug. 29.—A series of four explosions early this morning shattered windows and demolished long strips of yard track in the Chicago and Eastern Illinois Railroad yard here.

The first report that the securities stolen were not in the vault, but in the safe was made by the Chicago and Eastern Illinois Railroad yard here.

WOULD CLARIFY SEWER SITUATION

Saanich Council Expected to Ask Greater Victoria Committee to Express Policy

The Saanich sewerage by-law will probably be to the fore at next Thursday's session of the Saanich Council, as the three months' delay in re-submission to the ratepayers is already well past its meridian.

The by-law should have been voted upon early in July, but was deferred, by consent of the Victoria City Council, pending the preparation of a report by the Greater Victoria Committee.

Should his present intentions be carried out, Reeve Watson will lay before the Saanich Council a proposal that the Greater Victoria Committee be asked to go on record as favoring a policy whereby, should Greater Victoria become a reality, sewers in the drainage area of the inner wards of Saanich shall be paid for by the area benefited.

Such a resolution would be, in effect, approval of the scheme at present favored by the Council of Saanich, and would be tantamount to endorsement of the by-law which is in readiness for submission to the ratepayers at the time "the Greater Victoria scheme was brought into the limelight."

Should the Greater Victoria Committee promptly pass a resolution upon the matter suggested, Reeve Watson believed all difficulties hampering an early submission of the by-law to the ratepayers would be overcome. It is his view that the vote should be taken before September expires, as otherwise the large amount of work involved would coincide with the period of tax collecting activity at the Municipal Offices, and would become too great a burden for an already overworked staff to handle.

Should an early re-submission of the by-law be impossible, Reeve Watson believes the Victoria Council would be agreeable to a further postponement of the vote, in view of the preliminary status of the Greater Victoria Committee's work at this time, and a postponement for three months would bring the re-submission to the time of the annual municipal elections.

DAYLIGHT SAVING TO END SEPTEMBER 4

Standard time will be resumed in Victoria on the night of Monday, September 4, it was decided at last night's meeting of the City Council. At midnight the clocks of the city will be set back one hour.

Alderman Patrick presented the resolution to alter the time of change to September 4, instead of September 28, and later submitted a by-law to the same effect. Alderman Woodward strenuously opposed the change, claiming that it would cause a considerable amount of inconvenience to those who had planned ahead.

STATE CONTROL AS LAST RESORT

U. S. President Not Eager to Direct Railroads

Would Control Coal Mines Only if Unavoidable

Washington, Aug. 29.—President Harding still believes the government should grant immediate authority take over railroads and mining properties, it was said to-day at the White House, but has assured congressional spokesmen that only the grimmest public necessity would move him to exercise such powers if granted.

CONFERENCE IN VIENNA DISTURBED

Jugo-Slav and Roumanian Delegates Absent

Dutch Delegate Urged World Free Trade

Vienna, Aug. 29.—Two sensational incidents marked the opening of the parliamentary conference here. The absence of the delegates from Czechoslovakia, Jugo-Slav and Roumanian, giving color to the report that they objected to a discussion of the subject of protection of minorities. As far as can be learned, the delegates of these countries are in the city.

During his opening address, Chairman Mettall observed that most of the delegates were absorbed in examining pamphlets, which had been quietly distributed. They contained a violent attack by the Karolyi faction against the Hungarian Government. The pamphlets were destroyed and it is estimated that arrests would be made if any further acts of that sort were discovered.

LOCOMOTIVES POORLY INSPECTED

Washington, Aug. 29.—A "very general let-down in the matter of inspection of engines by the carriers which gives cause for concern," was said in an Interstate Commerce Commission report to the Senate to-day to have resulted from the strike of railway shopmen.

NEW YORK FIRM OF BROKERS FAILS

New York, Aug. 29.—Failure of the brokerage firm of Edwards & Gatenby, members of the Consolidated Stock Exchange, was announced by the Securities and Exchange Commission to-day.

CLERGYMAN LOST MEMORY FOR THREE WEEKS

Grand Forks, N.D., Aug. 29.—Having recovered his memory after a lapse of three weeks, Rev. J. H. McQuigg of Orrick, Mo., who had been confined in a hospital here since Wednesday last, to-day was on his way home with his family.

He had been working at a farm three miles from here. He remembered that he was from Orrick, but could recall nothing else. Authorities there were wired yesterday "Mrs. McQuigg came here. He apparently recovered his memory and to-day they were on their way home."

BABY SHOW TO-MORROW

The baby show to be held under the auspices of the Victoria and District Liberal Association to-morrow afternoon will commence at 3 o'clock. Entries will be for babies under twelve months, and will be open to all Liberal parents of Victoria, Oak Bay, Saanich and Esquimalt.

Dr. J. P. Vye is organizing the judging staff, and Drs. Graham, Keys, Thomas and others will assist. The prizes will be presented by Weller Brothers, Limited.

STEEL INDUSTRY PLANS PASSED

Premier Receives Representatives of Vickers, Ltd.

Conferences To-day With Representative of British Capital

Plans for the establishment of a big iron and steel industry in British Columbia were advanced at a conference to-day between Premier Oliver and T. E. Pooley, representing Vickers Ltd., the well-known British firm. After two-hour talk with the Premier, R. H. Pooley, M. P. for Esquimalt, who accompanied his brother, said that the conference had been very satisfactory. It would be impossible to give out any definite information about the progress of the discussion, however, until a further conference had been held later in the day, he said.

A short time ago iron and steel industries were established in the Government agreed to endorse the bonds of the Coast Range Steel Company, the absence of the delegates from Czechoslovakia, Jugo-Slav and Roumanian, giving color to the report that they objected to a discussion of the subject of protection of minorities. As far as can be learned, the delegates of these countries are in the city.

VILLAGE IN JAPAN WIPED OUT BY FLOOD

Kanazawa, Japan, Aug. 29.—With the exception of two men who happened to be gathering firewood on the mountain side, the hundred inhabitants of the little village of Ushirohara were drowned when the place was wiped out by a flood recently. Hardly a stick remained of the village.

GREEK TROOPS HAVE EVACUATED KARAHISSAR

London, Aug. 29.—The Greeks have evacuated Afium-Karahissar, under pressure from the Turkish Nationalists, says a Central News dispatch from Athens to-day. This important central point in the Greek line in Asia Minor was yielded in the face of superior enemy forces.

222 PERISHED AT SEA AND FORTY-SEVEN MEN TRAPPED IN A MINE

Santiago, Chile, Aug. 29.—The Chilean steamship Itata, 2,200 tons, sank to-day off the Chilean coast near Coquimbo. All the passengers, numbering 150, and the crew of seventy-two were lost.

Jackson, Cal., Aug. 29.—Hope for the rescue of men, now said to number forty-seven, trapped since midnight Sunday by a fire in the Argonaut gold mine, was revived to-day when it was announced that crews digging away tunnel obstructions between the Kennedy and Argonaut main shafts were making better progress than was expected. S. M. Wolfen, Superintendent of the Bureau of Safety of the California State Industrial Accident Commission, made the announcement.

FIVE KILLED AT DOORS OF CHURCH

Unofficial Report Tells of Attack in Ireland

Assault by Insurgents Made After Service

Belfast, Aug. 29.—Republican irregulars fired upon a congregation of mourners yesterday as they were leaving a Westport (Mayo) church, having attended Mass in memory of the late Michael Collins, says a message received to-day by the Athlone correspondent of The Belfast Telegraph.

ANNOUNCEMENTS

The Hub Barber Shop has removed from Douglas Street to 625 Yates Street, Oliver & Firth, proprietors.

Figure Drawing and Painting Classes Saturdays, 9.30 to 11.30, Mondays, 7.30 to 9.30. Will Menelaus instructor, 1-2-3 Union Bank Building.

The Nova Scotia Cake Shop, Oak Bay Avenue, announce the opening of their agency at Stevenson's Chocolate Shop, Douglas Street, on Thursday afternoon, August 24. Fresh supplies daily. Ask for Bromley home-made cakes.

Vague School of Millinery, Stobart Building, opens with Fall Models, August 15.

OBITUARY RECORD

The death occurred at an early hour this morning at the Royal Jubilee Hospital of Marion Lorena Tasker, beloved wife of William Hood Tasker, aged 29 years. A native of Nova Scotia, the late Mrs. Tasker had been a resident of this city for the past 16 months, residing at 1523 Amphion Street. The remains are being kept at the Thompson Funeral Home, 1625 Quadra Street, from where the funeral will take place on Thursday next at 2.30 o'clock. The remains will be laid to rest in Ross Bay Cemetery.

The obsequies of the late Thomas Walter Brown were held at his residence, 3411 Cook Street, this morning, when the Rev. F. A. P. Chadwick officiated. Two hymns were sung, "O God Our Help in Ages Past" and "Blessed Life is Here Our Portion." Many friends and relatives attended the funeral, and numerous floral gifts showed the esteem in which Mr. Brown was held. The interment took place at Ross Bay Cemetery.

ACCUSED REMANDED

Charged on remand in the city police court to-day with being found in a common gaming house, Sing, Joe, and Wong Nam were remanded until Wednesday for hearing. Joe had stated that he had been knocked down, carried into the house and there arrested. Sing, an elderly Chinaman charged on remand with being in possession of opium, was remanded further until Wednesday for hearing.

FIRE SITUATION AGAIN DANGEROUS

Winds Whip Up Flames in Vancouver and Island Districts

With strong winds and continued drought the forest fire situation in the Vancouver District, which includes Vancouver Island, is becoming serious again, according to reports made public at the British Columbia Department of Lands to-day by P. Z. Caverhill, Chief Forester. Up to August 25 715 fires had been reported in the Vancouver District, these reports show. While there were showers in part of the district early last week during the rest of the week the weather was dry and strong winds whipped up the fire. Conditions have improved in the Cariboo district, where rain fell for twenty-four hours early last week. The latter part of the week, however, was hot and dry. So far there have been 35 fires in Cariboo.

The situation in Cranbrook, where 163 fires have been reported, also is improved. No bad fires are burning there now. Similar conditions prevail in the Kamloops district, where there were heavy showers early last week. The weather there is not again now. Fine weather is tending to revive the fire hazard in the Nelson district, which is next to Vancouver with 348 fires to date. In the Prince George district there were considerable rains early last week. While it is hot and dry in the days now heavy dews are improving conditions. So far there have been 250 fires in the district, but burning in the Prince Rupert district and several are out of control. In the eastern part of the district hot, dry weather prevails with brisk winds. The situation is considered hazardous. Altogether 231 fires have been reported in the district so far. The weather is better in the Vernon District, where there are cool nights with fair and warm days. The Vernon District has suffered from rain showers.

Altogether 2,089 fires had been reported in the Province up to August 25.

HEARS INTERESTING ADDRESS.

Dr. Franz Boas, of New York, eminent anthropologist, who is regarded as the leading authority on the North American Indians, addressed the Natural History Society last evening. He dealt with the history and customs of the Indians, based on 27 years' study, and gave a most interesting lecture. He expects to leave for the East to-day.

LOST DIAMOND

Losing a diamond valued at \$125 while traveling on a Lake Hill bus or somewhere on Quadra Street, en route, Miss Mary Middleton reported its loss to the city police to-day. The stone dropped out of a ring.

OVERNIGHT ENTRIES

Vancouver, Aug. 29.—Fourth day, Wednesday, August 30, entries, Brighouse Park.

First race—Canadian Derby, purse \$500, for Eastern Canadian bred horses, three-year-olds and upward, one mile and seventy yards: Grayson, 114; Camouflage II, 121; Chattanooga, 116; Benmore II, 114; Royal Irish, 114; Yorkshire Reigh, 114; Balsaroch Fox, 114; Faring Rose, 104.

Second race—Derby Day, purse \$500, for three-year-olds and upward, five furlongs: Starkey, 114; Fireball II, 114; J. B. Frick, 114; Martha E., 112; Marion Pluke, 112; Viola Park, 114; Choir-master, 114; Goldie Rose, 112; Ann S., 112; Gomer, 109; Cascade, 107; Chippendale, 105; Olympiad, 102; Bessie Young, 100.

Third race—Kentucky Derby, claiming, purse \$500, for three-year-olds and upward, one mile and one-eighth: Black Spray, 117; Chrome, 114; I. W. Harper, 114; Stanley H., 114; Choir-master, 114; Goldie Rose, 112; Ann S., 112; Gomer, 109; Cascade, 107; Chippendale, 105; Olympiad, 102; Bessie Young, 100.

Fourth race—French Derby, claiming, purse \$500, for four-year-olds and upward, one mile and one-eighth: Little Abe, 111; Little Gink, 111; John R. Roche, 111; Nebraska Lad, 109; Audrey K., 111; Collette, 109; Montana Belle, 109; Nebraska, 108; Green Mint, 106; Sippara, 106; Lola, 104.

Fifth race—Brighouse Park Derby, purse \$1,000, for three-year-olds, a silver cup will be presented to owner of winner, one mile and one-eighth: Captain Clover, 119; Hal Wright, 119; Sample, 119; Olympiad, 119; Nellie Harper, 117; Wedding Prince, 119; Tutalip, 117; Little Florence, 117.

Van Gordon entry.

Mrs. G. H. Abbot entry.

Sixth race—Calcutta Derby, purse \$500, for four-year-olds and upward, one mile and seventy yards: Grayson, 114; Weinland, 114; Prince Direct, 114; De Beers, 119; Killian, 109; Woodie Montgomery, 109; Breeze, 109; Franklin, 109; Lagan, 107; Marcella Boy, 107.

Seventh race—Australian Derby, purse \$500, for three-year-olds and upward, five furlongs: Dr. Corbett, 119; Joe Blair, 115; Kinglike, 112; Elmer K., 109; Vic Munoz, 112.

Apprentice allowance claimed.

Charged with exceeding the speed limit of eighteen miles an hour permitted under 1921 amendments to the traffic laws D. Templeton and the B. C. Electric Tramway Company, Ltd., were remanded, after evidence in the city police court to-day, for hearing this afternoon.

Constable Allen told the court of pacing the street car in question, of which D. Templeton was the driver, and finding it going at 22 miles an hour through the Dardanelles.

H. B. Robertson, K. C., for the defence, entered a plea of not guilty. C. L. Harrison, for the Crown, put in the amendments in question, which permit street cars to go 12 miles an hour in congested areas and 18 miles an hour at other points. Constable Allen stated while following the street car he saw a Japanese cyclist jump off his machine and get on to the sidewalk to avoid being crushed between the car and a telephone pole. His speedometer was accurate to the best of his knowledge, concluded the motor cycle constable. At this point the hearing was adjourned to continue at 2.30 p.m. to-day.

BLOWS EXCHANGED BY LAWYERS IN DENVER COURT

Denver, Colo., Aug. 29.—District Attorney Philip Van Cise exchanged blows in the courtroom here late yesterday with W. A. Bryans, attorney representing thirty alleged members of a "confidence ring" arrested last Thursday, Friday and Saturday.

The clash followed a dispute over a motion for the reduction of the amount of bond for the alleged confidence men. The amount of each bond was fixed Saturday at \$25,000 by District Judge Haggett, who was also conducting yesterday's hearing.

According to witnesses of the clash, Van Cise and Bryans got into an argument over the question of whether the district attorney had received proper notification of the hearing. After an exchange of blows court attaches intervened. The attorneys apologized to the court, after which Judge Haggett announced that the hearing would be postponed until Thursday.

POWDER PLANT EXPLOSION KILLS THREE WORKMEN

Carthage, Mo., Aug. 28.—Three men were killed and two injured when a gelatine mix-house at the Atlas Powder Company plant, seven miles southwest of Carthage, blew up to-day.

VIEWS GIVEN ON PENSIONS PROBLEMS

Federal Commission Hears About Aggravated Disabilities

Man Pensioned Two Years; Re-examined; Cut Off

Ottawa, Aug. 29.—(Canadian Press)—Actual cases of pensions granted for aggravated disabilities were considered when the Royal Commission investigating G. W. V. A. charges against the Pensions Board continued its hearing to-day. Dr. Norman M. McIvor, Unit Medical Director, Winnipeg, under examination by J. R. Bowler, counsel for the G. W. V. A., cited a case where a man had served three years in France. He was discharged with fifteen per cent. disability, of which five per cent. was an aggravation of pre-service disability. The man was pensioned at fifty per cent.

Discontinued.

In another case the pension examiner granted a man a pension for fifteen per cent. disability. Two years later the pension was discontinued, although Dr. McIvor admitted the condition of the man had not changed.

"Why?" questioned Mr. Bowler. "Was the man pensionable in 1920 and 1921 and not in 1922?" Dr. McIvor replied that he did not think the man now had a pensionable disability.

Dr. McIvor added that the man was pensioned for myalgia, the result of rheumatic fever prior to war service. In 1920 and 1921 Dr. McIvor would have pensioned the man, giving him the benefit of any doubt, but after two years, considering the nature of the disability, he would not award a pension. An object had been raised by the head office to continue the pension and on the ground that the aggravation of the pre-service disability had ceased. The pension was discontinued this year. Dr. McIvor's office concurred in the view of the head office in regard to this case.

"Would that not lead to the conclusion," questioned Mr. Bowler, "that the head office was considering these awards on a different basis in 1922 than in 1920 or 1921?"

"Not at all. If we were a year farther away," said Dr. McIvor.

"In other words, there has been a change of attitude?"

"Not at all. There has been a change of time," said Dr. McIvor.

Continuing, Dr. McIvor said the

pension was discontinued because aggravation had ceased.

Not One-Man Task.

Colonel Ralston, chairman of the Commission, sharply stressed the point that in such a difficult case as the one in question "one man should not be left to determine the liability of the country and whether a man should have a pension."

Dr. McIvor replied that the medical examiners were highly trained men. "It shows how highly trained they are," retorted Colonel Ralston, "when they give this man a pension for two years."

Dr. McIvor pressed that the case was a difficult one and that in 1920 he himself would have given the man the benefit of the doubt.

No Disability.

The medical examiner, Dr. McIvor continued, who originally gave the pensioner a 15 per cent. disability had in February of this year, after another examination, reported that the disability in the same case was "nil."

"That was after he had been checked up by the head office," said Mr. Bowler.

"Yes," Dr. McIvor concurred.

BANDITS TOOK CASH AND NOTES

(Continued from page 1.)

A sidelight on the holdup is that bank managers here were warned less than three weeks ago by the Canadian Bankers' Association that a well-organized gang of holdups was believed to have started out on the prairies, expecting the crop movement would result in fairly large amounts of currency being carried in rural branches.

Securities Valueless.

Winnipeg, Aug. 29.—(United Bank officials at the head office) at noon confirmed the report that about \$10,000 in cash had been stolen from their branch at Foremost, Alta. early to-day by motor bandits.

It was stated by officials of the bank that the so-called "negotiable securities" consisted almost entirely of notes and other securities furnished the bank in the course of its business and that the robbers will find it impossible to realize on them. They are valueless, it is stated, except to the bank. The face value of the securities stolen was approximately \$70,000. It is believed that no bonds were secured.

It was pointed out that the loss does not fall on the bank, as it is secured against the theft both of cash and securities.

HURRICANE IN VERA CRUZ; DEATHS MAY BE REPORTED

San Antonio, Tex., Aug. 29.—A hurricane visited Vera Cruz, Mexico, Saturday night and Sunday morning and may have cost several lives, according to telegraphic reports received here this morning. Heavy damage was done by the water, which filled the streets and flooded many houses, the report stated. Rain fell heavily until 6 a. m. Sunday, when it stopped and the water subsided.

SUGGEST BOUNDARY BE MOVED SOUTH

Ketchikan Men Want Cable in U. S. Waters

Would Make Dixon Entrance Partly American

Seattle, Aug. 29.—The Commercial Club of Ketchikan, Alaska, according to advices received here, proposes to change the boundary between Alaska and British Columbia in order to persuade Congress to lay a cable joining Ketchikan and Seattle. The Commercial Club explains that as the boundary lies, such a cable would have to pass through Canadian waters, to which it is believed that Congress would never consent. So the Commercial Club would run the line from the mouth of Portland Canal, where it leaves the mainland, west midway between Cape Muzon and Graham Island.

The boundary touches Dall Island, in American territory, at its Southern point, Cape Muzon. The Ketchikan men through the line southward so that it would move about twenty miles from Cape Muzon. This would permit the running of Ketchikan through the north side of Dixon Entrance of a branch from the cable now connecting Seattle and Sitka. Dixon Entrance, a channel between Dall Island and Graham Island, the latter Canadian territory, is now entirely Canadian water.

CHINESE KILLED BY JAPANESE IN VANCOUVER TO-DAY

Vancouver, Aug. 29.—Sue Sin, an aged Chinaman, was shot to death to-day by a Japanese whose name is unknown. Police are scouring the city for the murderer.

Sin attempted to prevent the Japanese from getting away with a sum of money which the latter had lost in a game of chance.

NEW BRUNSWICK RIVER FLOOD IS DOING DAMAGE

Fredericton, N. B., Aug. 29.—Water in the St. John River has risen about two feet as a result of heavy rains during the week and is still rising. The damage to roads and bridges in the southern counties of the province has been heavy, while damage to crops will also be considerable.

MANCHURIAN RAILWAY IS TO RAISE LOAN

Tokio, Aug. 29.—Having failed for the time being to raise a loan in America, the South Manchurian Railway will shortly issue one of 20,000,000 yen, underwritten by the Industrial Bank and other leading banks. It will bear seven per cent. interest and be redeemable in four years.

DELORME MAY TESTIFY IN COURT

Fights Move for Declaration Incapable of Business

Montreal, Aug. 29.—Rev. Adelard Delorme, who is detained in the asylum at Beauport on the verdict of a jury in the Court of King's Bench that he is mentally unfit to stand trial—the charge of murdering his stepbrother, Raoul Delorme, intends to make, through counsel, a vigorous fight in the civil proceedings which have been instituted by his brother-in-law, Adelard Tetreault, to have the patient interdicted as being insane.

In the event of contradictory evidence, the court may call the patient to be examined. It is said that Adelard Delorme is anxious to appear and testify in open court if opportunity is given him.

VEDDAR RIVER TO BE CONTROLLED

Mainland Property Owners Suffered Flood Losses

Chilliwack, B.C., Aug. 29.—By a vote of fifty-two to twelve owners of property affected by the annual freshets of the Veddar River endorsed a scheme formulated by the Provincial Department of Public Works whereby the stream will be brought under control and shorn of the power that has yearly brought loss and trouble to farmers in its valley. The proposed scheme, which will cost about \$75,000, contemplates the straightening out of the channel, clearing of log jams along a four-mile stretch above the Veddar Crossing and the rebuilding of the rock wall at that point.

The cost will be borne as follows: Provincial Government 50 per cent., Sumas District 25 per cent., Municipality of Chilliwack 3 per cent., British Columbia Electric Railway Company 2 1/2 per cent., City of Chilliwack 1 per cent., and the property owners 18 1/2 per cent.

EFFORT TO ROB MANITOBA BANK WAS FAILURE

Winnipeg, Aug. 29.—An unsuccessful attempt to rob the branch of the Veddard River at Elm, Man., thirty-five miles west of here on the Canadian National Railway, was made early this morning. Nothing of value was obtained and the only success, the bandits had was in blowing the outer door of the safe.

The robbery was disclosed this morning when the staff reported for work.

FIRE YESTERDAY

A grass fire at Gladstone Avenue at 4.05 p.m. yesterday gave the department the only run of that day.

STRIKE CRIMES IN U. S. INVESTIGATED

Removal of Railway Spikes Caused Deaths

Walkout of Trainmen in Illinois Ended

Chicago, Aug. 29.—The walkout of Chicago and Alton trainmen at Roadhouse, Ill., was ended. Striking engineers and company officials met at Slater, Mo., in a move to end the tie-up there. Five men were held on charges of murder in connection with the Michigan Central wreck at Gary, Ind., August 29, when two of the train crew were killed.

These were important developments in the railroad situation to-day.

Attempt on Flier

While Chicago and Gary police, federal operatives and railroad detectives dug into their investigations of the Gary wreck and other alleged sabotage plots in which train wrecks were part of a programme of terrorism, separate inquiries were in progress into an attempt to ditch the California-Florida Flier on the Frisco System at Memphis, Tenn., and the dynamiting of Chicago and Alto bridges. Bombing of the homes of railroad employees at Bloomington, Ill., and Montgomery, Ala., the shooting of a Chicago and Alton watchman in Chicago, a gun fight between railroad guards and a sniper at Mobile, Ill., and the dynamiting of a bridge at Spuds, Fla., were among strike disorders reported from different sections of the country.

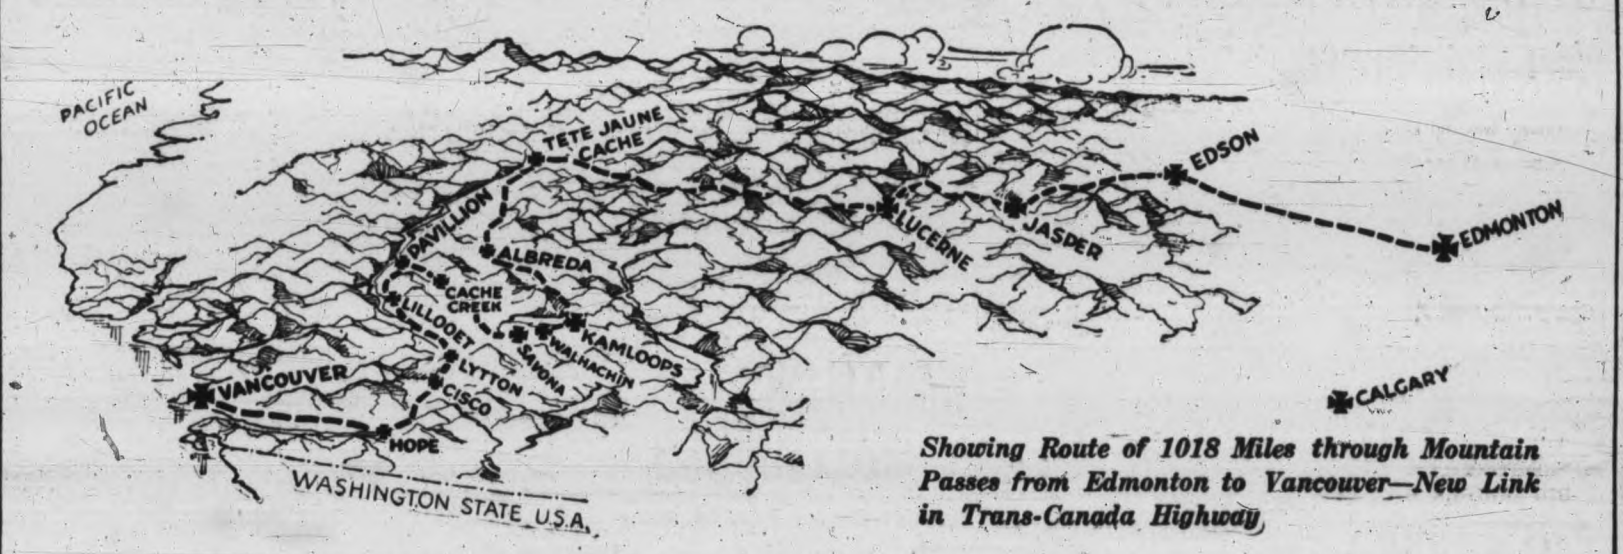

Discovery of an inflammable bomb near a gasoline storage tank at Flint, Mich., increased the rapidly growing list of reports of violence.

NEW RULING AFFECTS IMPORTS

Declarations for Canada Regarding Depreciated Currencies

Ottawa, Aug. 29.—(Canadian Press)—Instructions to customs and excise officers regarding the importation of goods from foreign countries whose currency is substantially depreciated based on the amendments to the act passed by Parliament last session have been issued by the Department of Customs and Excise.

All invoices of goods imported from a country where the currency is regarded as substantially depreciated shall bear thereon the currency certificate of a consul, trade commissioner or bank in the form specified, and until further ordered, this instructions will apply to invoices of goods imported from Germany, Austria, Hungary, Jugoslavia and Russia, and to countries where the currency has no fixed standing value.

Overland First Car to Cross Rocky Mountains Over All-Canadian Route

This is the New Series Overland—the car that made Highway History in British Columbia and sustained Overland reputation for economy by completing the hazardous trip on an average of 24.8 miles to the gallon of gas.

Battery Did Well.—Returning from the annual artillery practice at Sarscoe Camp a detachment of the 54th Battery under Major Wendell B. Shaw arrived in this city on Sunday. An excellent record was made by the detachment in camp, states Major Shaw, ten gun layers, qualifying, while the work of the battery was otherwise highly commended. Lt. Col. J. C. Stewart, D. S. O., was in charge of the camp, assisted by many officers of the permanent forces, including Captain Carl Hamilton, M. C., formerly of this city.

NEWS IN BRIEF

English Mail.—A consignment of English mail arrived this morning, consisting of 11 bags of letters, and 10 bags of papers. This mail left Southampton on August 11.

Esquimalt Scottish Daughters.—Esquimalt Scottish Daughters are resuming their meetings after the Summer holidays. Their first and special meeting will be held on Friday evening, September 8, at 8 o'clock. Election of officers and consideration of the Winter's work will be the object of the evening.

Social and Unity Centre.—The Unity Centre of this city is this week completing its third year's work. The students and friends of Unity will honor the occasion, on Thursday evening by holding a social entertainment, beginning at eight o'clock, in the hall at 800 Campbell Building. A very interesting programme, musical and otherwise has been arranged for the occasion.

Liberal Tombola.—The tombola for the Liberal picnic, for which a prize of an easy chair by Smith & Chalmers has been offered, will be drawn for at the Liberal rooms to-morrow afternoon. The tickets must be deposited to-day in the hall at Ivel's Drug Store, or at the Liberal rooms to-morrow, if not deposited during the picnic.

Officers Nominated.—Officers of the Women's Auxiliary of the Canadian Legion, Victoria Post No. 1, Amalgamated Veterans, were nominated last night at 8 o'clock, by R. Dickie, president; Mrs. Chambers, first vice-president; Mrs. McAdam, second vice-president; Mrs. G. T. Hunt, secretary; and Miss Seaton, treasurer. Plans for the Legion's tag day were discussed.

School Costs.—The Saanich Board was informed last evening that the cost of Saanich pupils in the Victoria High School will be \$85 per capita. The Board decided that it would pay \$85 for each Saanich student desiring to attend the Oak Bay or Esquimalt High Schools, the difference between this sum and the rate set by those institutions to be paid for by the parents of pupils.

Guild of Health.—Very Rev. Dean Quainton, president of the Guild of Health, will address the members and friends of the Guild in the Cathedral schoolroom on Wednesday evening at 8 o'clock. The secretary will be at the headquarters, 1124 Richardson Street, on Wednesday morning between 10.30 and 12.30 to meet any interested in the work and to give information. The general Bible class in connection with the Guild will meet Friday afternoon at 8 o'clock at 1124 Richardson Street.

Enjoy Social Evening.—Victoria Lodge No. 1 entertained its members and friends last evening at the I. O. O. F. Hall, Douglas Street, when pool and bowling were the games played. The following were the winners: First prizes, R. Livingstone, Jr. and E. Tuck; second prize, G. Hopkins and J. Dobbie, sr. High break, R. Hopkins. The team captained by R. Livingstone, won the bowling championship. Refreshments were served at 11 o'clock.

Transport of Children.—At the meeting of the Saanich School Board last evening tenders for the transportation of school children were accepted from the following: G. A. Miles, Cordova Bay to Cedar Hill School, \$95 per month; Laxton, Sturges, Ladbrooke Bay to Cedar Hill School, \$120 per month; Josiah Bull, Elk Lake to Royal Oak School, \$75 per month; G. Muscleville, Old West Road to Prospect Lake School, \$50 per month. With the exception of Mr. Muscleville these successful tenderers also secured the contracts last year.

Ask for Ferry Service.—Former President J. H. Beatty and Secretary George J. Warren, of the Chamber of Commerce, with Mr. D. C. Coleman, Vice-President of the Canadian Pacific Railway, yesterday asked him to establish a regular tourist ferry service for auto traffic between Victoria and Port Angeles. They also urged that the C. P. R. proceed with the construction of new "ticket" offices on Belleville Street. Mr. Coleman said that both matters were under advisement by the company, but it was impossible at present to make any announcement.

Protests Arrangement.—Alderman Leeming at last night's City Council meeting registered a protest against the present agreement with the B. C. Electric Railway Company, stating that the terms were in the nature of a monopoly, and should be amended. The remark grew out of the discussion regarding the application of S. Morgan Hobbs for jitney privileges between the City and Oak Bay, when the City Solicitor reported that a person could operate a car between a point within the City to a fixed terminus at least one and a quarter miles outside the boundary. The only way to get control of the jitney business and grant the application would be to give of cancellation of the existing agreement, said Mr. Pringle.

Do You Like Spending Saturday Afternoons or Sunday Mornings Oiling and Greasing Your Car?

At the best, oiling and greasing a car is a messy, tiresome job, and more often than not is improperly done. Let us remove the SQUEAKS and GROANS from your car on our specially built elevated rack, which enables us to do a thorough job in minimum time.

We use the "Alemite" Pressure Gun, whether your car is fitted or not with this system, which insures the lubricant reaching the right spot.

We shall be pleased to show you this up-to-date equipment and arrange a time to handle your car.

W. V. A. Meeting.—President A. H. C. Jones and Secretary James P. Brown, of the G. W. V. A., this morning issued a special request to all members of the association to attend to-night's meeting which will be held in the club rooms at 8 o'clock.

Royal Oak School.—The Saanich School Board last night inspected and approved of the re-construction work done on the Royal Oak School. The Provincial Department of Education has agreed to assume one-third of the costs involved.

Camp Function Friday.—The Young Men's Division of the Y.M.C.A. will hold another of their popular social functions, this time at the Royal Oak School on Friday evening at 7 o'clock. A banquet will be held and invitations have been sent out to many of the boys' friends. Following the banquet a canoe ride up the Gorge will be part of the entertainment, while on their return a big bonfire will be held and dancing will form a popular feature of the programme. Toasts will be presented by the following members: "To the King" by Percy Pitts; "To the Guests," Dr. Poyntz, response Miss E. Dixon; "To the Camp," Mr. Serriman, response W. Hudson. The Rev. T. Menzies, M.P.P., will also attend.

CHIROPRACTORS BEFORE COURT

(Continued from page 1.)

In the accused stated, alleged witness that he might not be able to cure Mr. Hines immediately, but he might in time. Witness striped to the waist, and had an examination and then an "adjustment."

The "adjustment" consisted of being stretched in a horizontal position on a movable platform with his chest and feet supported, but his middle section free. The accused, alleged witness, passed his hands down the spine of the accused, apparently counting until with a sudden movement he administered a "spinal jerk" in the small of the back. For this witness had paid \$5 and understood that fifteen treatments, a course, would cost him \$20 in all.

In cross examination witness admitted to Mr. Farris that he had been sent by a Mr. Palmer, of the Western Detective Agency, and told to get evidence. Witness was not sure what treatment he had got, but supposed it to be the regular chiropractic method of treating a pain in the small of the back. The prosecution rested here.

Robert Collier, the accused, upon taking the stand, testified that he had studied nineteen months at the Palmer School of Chiropractic, Davenport, Ohio, graduating in October, 1920. He studied anatomy, physiology, symptomatology, chiropractic analysis, orthopedics, chemistry, pathology, histology, neurology, gynecology, and many other "ologies." Witness admitted that his studies in some of the subjects were protracted but in others not very extensive. Upon graduation he had "obtained sufficient knowledge for his purpose" summed up the witness as to his qualifications. He had not studied dissection.

Mr. Farris's View.

For the defence Mr. Farris stated he was relying on the 1921 amendments to the Medical Act, or chapter 155 of the Revised Statutes. These amendments had altered the Medical Act much in favor of the chiropractor, held counsel. There were two sections in the act in particular which would be much quoted in the case, those of 72 and 62 of the Medical Act. Section 72 was punitive, providing penalties, and Section 62 dealt merely with status, holding lack of standing for non-compliance. These two sections were distinct and not conjunctive, urged counsel.

Under the amendments, continued Mr. Farris, nothing in the Medical Act precluded a duly qualified chiropractor from practicing in this Province. A duly qualified chiropractor was one who had graduated from a recognized school after a three year resident course in three six month periods, or eighteen months in effect. Section 62 of the act merely held that if the chiropractor, registered he was without status and rights, such as civil rights in law. The amendments in effect had lifted the duly qualified chiropractor from the Medical Act entirely, he argued.

Mr. Farris pointed out that discrepancies on the part of the Medical Council existed in relation to the examinations provided for in the act. Further there was no authority for a fee of \$100 to be charged the entrant to such examinations.

At this stage Capt. MacKenzie outlined the arguments made by Mr. Farris and stated the obligations placed upon the Medical Council by the 1921 amendments had not been lived up to in the succeeding period. No chiropractor had been appointed as examiner, and no papers set for such examination, though the examination was admittedly advertised in the press by the entrant.

The fee of \$100 asked of the entrants, should there have been any, was without color of right, as no such provision was in the act submitted. Further, if \$100 could be asked, \$1,000,000 could be as logically demanded from the examination candidate, which was absurd, held Mr. MacKenzie. Until the Medical Council had fulfilled these obligations, as provided by statute the prosecution was out of court, he concluded. That the Medical Act was not criminal law, but a private act of a very close corporation—the medical profession—was a parting shot from counsel.

For the prosecution, Mr. Robertson argued, that the Medical Council had advertised "their intention of holding the examinations, twice in last year, and if a fee had been advertised as payable by the entrant the entrants could have protested; but there were no entrants. The fact that no chiropractor had been appointed to set the papers, nor papers set was only a natural sequence of the condition where examinations were planned with nobody to sit to take them.

Sections 62 and 73 of the Medical Act were not separate and disjointed but co-dependent, stated counsel for the prosecution, the former setting out the offense and the latter the punishment. The Act expressly stated that none should practice medicine without registration, not even if they held the highest degrees in the whole world.—British Columbia examinations were obligatory on all who would practice medicine, though for chiropractors the subjects were modified considerably at their own request.

Mr. Robertson dealt at length with the introduction of the proposed chiropractic bill before the Legislative committee last year and what had there been argued on either side. Magistrate Jay reserved judgment until hearing evidence in the other cases.

The Elfers Case.

Frederick Elfers, similarly charged, was called and pleaded not guilty. Charles Hines, the Western detective agent, took the stand again to state that he had called upon Mr. Elfers on June 28. Witness's first treatment had not done him any good; apparently remarked the court amid much laughter. Witness compared to the accused of the same pain in the small of the back and took an "adjustment" in much the same manner as before. Witness received another "spinal jerk" and received a receipt for \$5. The full course had now dropped to \$25, stated witness.

"Well, how many treatments have you had?" asked Mr. Farris.

"One from Mr. Elfers, one from Mr. Collier, one from Mr. DeWitt and three from Mr. Mercer," replied witness.

A Flexible Spine.

"You must have a pretty flexible spine by now," commented Mr. Farris, amid laughter.

"I feel good," replied the witness, to continued laughter, telling how he experienced more pain while undergoing treatment than when it was all over.

Earlier Prosecution.

Frederick Elfers, the accused, on the stand told of a startling case from the National College of Chiropractors.

ESCORT ON WAY.

In a brief session of the Provincial Court this morning R. A. Maclean, K.C., for the Crown, in the matter of Stephen Bowes, charged for an alleged offense at Tienlin, China, stated that an escort with the dispositions had sailed on the Empress of Canada yesterday for this port. Notice to this effect was at hand from the British Consul at Shanghai, stated counsel. W. C. Morebly for the accused urged that as no warrant had been forthcoming, and the accused held in jail for many weeks the matter should be disposed of by releasing the accused.

Magistrate Jay remanded the case a further week.

GIVEN SIX MONTHS.

James Duffy, charged on remand in the city police court to-day with the sale of liquor to two American bluejackets, was convicted and sentenced to six months in jail under the terms of the Government Liquor Act.

GIVEN SUSPENDED SENTENCE.

Charged on remand in the city police court to-day on two counts, that of obtaining goods and money to the value of \$45 by false pretences, D. C. Roberts was given six months suspended sentence. The accused was warned that this clemency could not be twice secured, and arose out of the fact that he held a previous good record, and that restitution had been made.

GRANTED BAIL.

Arrested by Liquor Board constables on a charge of selling beer, Philip S. Hornby, an employee of the Shook Harbor Hotel, was admitted to bail until Tuesday in the Provincial police court to-day on two securities at \$50 each. H. W. J. Moore appeared for the accused.

DUKE OF LEINSTER

IS REAL SPORT

Reward Is Better Than Money.
He Says: To Cross Atlantic in Ketch

London, Aug. 29.—The reward is something far greater and better than money," said the Duke of Leinster in giving a London newspaper representative details of what he described as the "second round" of his wager.

Having won the £3,000 staked on his motor ride from London to Aberdeen, the duke intends to cross the Atlantic by himself in a 12-ton ketch.

It is rumored that the daring project is concerned with a romantic episode in the future history of the Fitzgerald family, but the duke preserves a good deal of reticence in the matter.

"I am quite sure that when the press and the public learn the facts later, they will pardon my secrecy about the enterprise. I may add, however, that it is no concern with money or motor-cars.

When First Round.
"My motor run to Aberdeen was only the first part of a wager between a gentleman whose identity I am in honor bound not to disclose at this stage, and myself. I have won the first round, but the second and more important part of our engagement, has yet to be fulfilled."

Invited to give some particulars of his next adventure, the duke said there was no stipulation as to a time limit for accomplishing the trip.

For purposes of safety seaplanes or aeroplanes would observe the first few hundred miles in his voyage from this side, and scouting aircraft would possibly watch for his approach from the American coast.

In the great stretch of mid-ocean he would be without escort, but would lie in the track of trans-Atlantic liners, so that help might be near if the ketch was in distress.

The crossing is to be made from the west coast of Ireland, and the objective is New York. The vessel has been built in Devonshire. It is a lightly-rigged model, but has been equipped with a 20-horsepower internal combustion engine. This auxiliary power will only be employed if the craft meets with difficulties.

"I quite appreciate the nature of the task that has been set me, and the dangers its performance will bring," the duke remarked, "but if my compass keeps true I will get there."

Touching on the House of Commons criticism regarding his motor ride, the duke said his sense of power, internal combustion engine, was never more tickled than when he observed that the question was raised by Viscount Curzon, whose driving license was a silent testimony to the misfortunes that had befallen him for motoring offences.

It was wholly ridiculous, the duke added, to suggest that he was guilty of carelessness in his dash to the north.

He had not caused danger to a single person.

"I have driven for fifteen years," said the duke, "and over 150,000 miles, and have only had one accident, when I killed a dog when traveling at five miles an hour."

1,000 YEARS OLD, CITY CELEBRATES

ASTHMA REMEDY

WHEN BURNED EMITS AN AGREEABLE SMOKE, THE INHALING OF WHICH PROMPTLY ALLAYS IRRITATION. A TRIAL WILL CONVINCE YOU OF ITS MERITS.

Dr. J.D. Kellogg's

ASTHMA REMEDY

WHEN BURNED EMITS AN AGREEABLE SMOKE, THE INHALING OF WHICH PROMPTLY ALLAYS IRRITATION. A TRIAL WILL CONVINCE YOU OF ITS MERITS.

inert men from many parts of the country, marked the occasion.

In preparation for the event, Goslar dressed itself all up in its "Sunday best" with a general coat of fresh paint and lavish decorations. It took on once more something of the old glory of centuries gone by when it often served as an imperial residence. Even the venerable Kaiserhaus, built by Henry III. and said to be the oldest secular building in Germany, appeared brightened up for the day.

The anniversary observances began in this building with a formal morning programme in which public leaders in town, provincial, and national life took part. A historical pageant, several miles long, paraded the streets later, followed by a huge folk-pledge on the mountain-side. In the evening a folk-play was presented by local talent.

\$500,000 NEEDED TO SAVE ST. PAUL'S CATHEDRAL

London, Aug. 29.—The appeal for \$500,000 more to make St. Paul's Cathedral safe is bringing in money generously. In the course of his appeal, Canon Alexander of St. Paul's writes:

"Though our present building is of no great antiquity, it stands on a spot that is hallowed by the memories and aspirations of 1,300 years and associated with almost the whole history of our national life and progress. During the war I once described it from the pulpit as 'the parish church of the British Empire' and this phrase came back to us from South Africa, the Far East and other remote quarters of the globe, as an approved expression of what St. Paul's, amid the vicissitudes of peace and war, has come to be."

Money Urgently Needed.
"The building of Wren's great dome—the symbol of London and the centring of its landscape—might be not unfairly regarded as a somewhat bold and hazardous experiment, but, despite the ravages of time, it still stands in all its original power and beauty, and the cross that surmounts it is still lifted up to remind us of the high purpose with which it was planned by its architect's consummate genius. What would London be without its cross and its dome?"

"It is the privilege as well as the duty of the present generation—and particularly, perhaps, of the City of London—to make a special effort to preserve this noble structure, and we feel that we must confidently ask for any sum that may ultimately prove to be necessary to safeguard its strength and to secure its permanence."

Very little of the money that had been subscribed for the work remains and it is essential that strengthening—almost rebuilding—the piers that support the dome should go on. With £100,000 in hand the Cathedral authorities would be able to push on the work, which at the present slow rate of progress might take half a century. Another £75,000 has been spent in the last nine years in reconstructing the two piers in the south transept, and there are eight more to be built with.

The special commission of architects and engineers have reported that there must be no delay in strengthening the two corresponding piers on the north side, where the decorative work and veneer of marble have become insecure. The elaborate scaffolding that now blocks up the south transept will be moved across in a month, or two and used for this purpose. The marble coating of the piers must be put right before the experts have even come to a decision on what is necessary to do to the core of the columns.

Evidence of Bad Building.
The two southern piers, as is well known, were found to be filled not with solid masonry but with loose rubble, and were quite insufficient to bear the vast weight of the dome. The evidence is in sometimes said that St. Paul's is jerry-built, but of course Sir Christopher Wren, the illustrious architect, was beset with terrible difficulties both in the supply of proper material and in the shortage of funds to make his great work thorough.

It happens that, at the time when his masterpiece is in peril and there is an official scheme to pull down more of his churches, arrangements are being made for the celebration of the bi-centenary of the death of Sir Christopher Wren, which occurs on Feb. 25 next year.

STRIKE QUICKSAND AT FORT NORMAN

Toronto, Aug. 29.—According to a letter from Ft. Norman, just received, the Imperial Oil Company's well at Bear Island shut down on June 23, the drills having struck quicksand. At the beginning of July the men had stopped work to wait for further orders and necessary tools. The quest for oil in quantity seems to have so far been unavailing in the far north, and some of the men employed by the Imperial Oil Co. whether on this account or not, expected to take the next steamer out to civilization.

The Imperial's No. 1 well at Norman, where the strike of oil caused such a sensation last Summer and which has since been capped still appears to be supplying a modest amount of oil when the tap is turned on. "It said that the flow of the well, which was down but 500 odd feet, was at the rate of about three barrels a day.

**Hudson's Bay Company**

**Clearing Summer Wash Frocks at Greatly Reduced Prices**

Tomorrow morning will see the final clearing of our summer wash frocks. The styles are suitable for garden parties, afternoon teas and outing wear, offering a wide choice of pretty colorings. The prices at which we have marked them would not pay for the material let alone the making. We have divided them in two groups as follows.

Group 1, Values to \$13.50 For \$5.00

Included are voile and organdie dresses in black and white, navy and red, rose, blue, peach and Nile. They feature smart styles, some with Peter Pan collars, deep belts and trimmed with narrow ruchings of organdie; odd sizes 16 and 18. Nice cool dresses for these hot days; values to \$13.50. Special to clear Wednesday morning. One Only **\$5.00**

Group 2, Values to \$19.75 For \$9.50

Made from good quality organdie, spotted muslin and ratine in colors of peach, blue, white and rose, white and black, white and blue and black and green. They feature smart styles in the long waisted line, showing new collars, short sleeves, deep belts with large tie-up bow at back; sizes 16 to 38. Special to clear **\$9.50**

The Mortgage Returns 8%

Those with savings of \$1,000 or more living idle should consider the first mortgage. A careful study will reveal many surprising facts to those who have had no experience in this field of finance. Well-placed mortgages yield 8% per annum. Principal and interest reinvested quickly mount into substantial figures. We can place yours of \$1,000 to \$4,000 to the investor's advantage at this time. Security offered is homes in the choicest residential districts of Victoria and small producing farms.
